## ☑ Tick the words that you got right

tertiary education	– education that takes place after school.
university (uni)	– a place where tertiary education happens. You can study for a professional career or job.
technical and further education (TAFE)	– a place where tertiary education happens. Often you can study for a more practical career or job (than at university).
campus	– the physical location or suburb of the uni or TAFE.
apprenticeship/ traineeship	– is when you study and work at the same time to gain a qualification. Visit the <a href="#">Australian Government Apprenticeships and Traineeships website</a> .
lecturer	– your teachers in tertiary education settings are usually called lecturers.
open days	– most universities and TAFEs hold open days. On open days you can visit the campus and find out more about studying at that place.
job description	– briefly tells you what the job is and what you will do.
selection criteria	– skills and knowledge that employers use to see if the job is right for you.
address	– “address” the selection criteria show how you can do the skills or “meet the criteria”.
collaborate	– work together with other people.
flyer	– a small piece of paper that describes the event.
liaison	– when you have to invite, help, and check in with people.

## Write the missing word

I need to address the \_\_\_\_\_ to show I am the best person for the job.

I have read the \_\_\_\_\_ and think that I could do this job.

The \_\_\_\_\_ is too far away.

I am not sure where I want to complete my \_\_\_\_\_.  
I can't decide if I want to go to \_\_\_\_\_ and learn how to be a carpenter or if I want to go to \_\_\_\_\_ and become an engineer. I think I will have to wait until I have been to all of the \_\_\_\_\_ before I decide.

If I become a carpenter, I will try to get an \_\_\_\_\_.

I know I don't want to work in a job where I have to \_\_\_\_\_.  
I don't like working with people.
